

HAPPY BUS (MISSION 02 OPF) EXTENDED MISSION BRIEF

OPERATION PIERCING FURY CAMPAIGN

OPERATION PIERCING FURY OVERVIEW

In the summer of 2014, a dirty bomb was detonated in Richmond, VA. The death toll reached over 4,000 and another 24,000 citizens fell seriously ill. Over 25 miles were evacuated around the blast zone due to airborne radiation particles. A 2-mile radius of the detonation zone had to be sealed off permanently causing over 22,000 people to be relocated. The incident caused mass panic and economic turmoil throughout the world. An immediate rush was on to find the person, persons, or organization responsible. Al-Qaida and a Chechen Muslim insurgent group named the Special Purpose Islamic Regiment (SPIR) were directly linked to the attack through an exhaustive investigation. The U.S. swore to bring the individuals responsible to justice, and to eradicate Al-Qaida at all costs. The U.S. and her Allies began an intense campaign to go after Al-Qaida and any terrorist organizations associated with the group around the world. This campaign became known as **“Operation Piercing Fury.”** The build-up and deployment of Coalition Forces in response to the attack trumped the size and speed Operation Iraqi Freedom by two-fold. The U.S. reinitiated the Draft, and the War was on. The pressure and devastation on Al-Qaida and other extremist groups in the Middle East was so intense that many moved their operations to the Country of Georgia with the financial backing of the Islamic International Peacekeeping Brigade (IIPB). The SPIR, Riyadus-Salikhin Reconnaissance, and Sabotage Battalion of Chechen Martyrs welcomed the groups with open arms. Their goal is to unite together and turn the world, beginning with Europe into an Islamic Empire.

After Actions Report: “Welcome to Suse”

Coalition Air Forces supported SF Units with the successful elimination of Abu Ayyub al-Masri (Senior Al-Qaida Commander). Enemy Air Defenses are being bolstered in the North and NE leading to increased damage and loss to Coalition Aircraft. FOB Suse was attacked leading to the escape of 10 high-value detainees from Compound Six (SHU). A highly planned escape plan was executed involving ground transportation and air transport of the escapees to the village of Terhoza East of FOB Suse. After successful confirmation on target location coordinates the 10 high-value detainees were eliminated. Forces infiltrated the area and discovered valuable intelligence on other key leaders in the region.

Current Situation:

Coalition forces have loosened the stronghold of rebel and terrorist forces occupying key cities within the Country of Georgia. An influx of Al-Qaida, Hezbollah, Chechen Muslim insurgents, and other key terrorist organizations are still on the rise in the region. Command is determined to utilize SF Units to “Capture or Kill” several insurgent leaders and commanders in the coming weeks. USN Seal Team 6, Delta Force, British & Australian SAS, OGA Units, and US Army Rangers are on-standby for immediate deployment anywhere in the AO to execute orders.

OPERATION PIERCING FURY OBJECTIVES STATUS

Operation Piercing Fury Coalition Forces will be headquartered out of Forward Operating Base Suse in the heart of Kutaisi.
